

Remarks:**I. Introduction**

In the Office Action mailed on April 19, 2007, the Examiner rejected claims 1 to 9, 11 to 16, 20 to 22, 37 to 43, and 45 to 53, and allowed claims 10, 17 to 19, 23 and 44. The present amendment cancels claim 23, amends claims 1, 3 to 6, 8, 10 to 14, 17 to 22, 40, 44, 49, 52, and 53, and adds no new claims. Accordingly, claims 1 to 22 and 37 to 53 are now pending in this application.

II. Drawings

The drawings were objected to because they must show every feature of the invention specified in the claims. New figure 10a has been added to show the insert layer of claims 45 to 49 as described in the specification and claims and new figures 12d and 12e have added to show the cover of claims 50 to 53 as described in the specification and claims. No new matter has been entered. Submitted herewith are two "New Sheets" showing the new figures. Reconsideration and withdrawal of the objection is requested.

III. Specification

The Specification has been amended to add section Headings and to add references to the new drawing figures.. Enclosed herewith is a Substitute Specification, excluding the claims, and a Substitute Specification Marked with Changes. The Substitute Specification enters no new matter.

IV. Claim Objections

The Examiner objected to claims 1, 3 to 6, 8, 11 to 14, 17, 20 to 22, 40, 49, 52, and 53 because of informalities. The informalities identified by the Examiner have been corrected. Reconsideration and withdrawal of the objection is requested.

V. Claim Rejections Based on 35 U.S.C. § 112

The Examiner rejected claims 10, 17 to 19, 23, and 44 under 35. U.S.C. § 112, second paragraph, as indefinite. Claims 10, 17 to 19, and 44 have been amended to correct the items identified by the examiner. Claim 23 has been cancelled. Reconsideration and withdrawal of the rejection is requested.

Applicant acknowledges the allowance of claims 1 to 9, 11 to 16, 20 to 22, 37 to 43, and 45 to 53.

The Examiner objected to claims 10, 17 to 19, 23 and 44 allowable if the 112, second paragraph rejection is overcome. As indicated above, the claims have been amended to overcome the section 112, second paragraph, rejection. An indication of allowance is requested.

VII. CONCLUSION

In light of the foregoing, it is respectfully submitted that the present application is in a condition for allowance and notice to that effect is hereby requested. If it is found that that the present amendment does not place the application in a condition for allowance, Applicant's undersigned attorney requests that the Examiner initiate a telephone interview to expedite prosecution of the application. If there are any fees resulting from this communication, please charge same to our Deposit Account No. 50-3915.

Respectfully submitted,

Richard M. Mescher
